Subject: Proposed Telecommunications Facility
Candlewood Road
Glastonbury, CT
Message Center Management

Dear Mr. Karmazinas:

The State Historic Preservation Office is in receipt of the proposal for the above-referenced project, submitted for review and comment pursuant to the National Historic Preservation Act and in accordance with Federal Communications Commission regulations.

In the opinion of this office, the proposed undertaking will have no adverse effect on contributing resources eligible for listing on the National Register of Historic Places as contributing resources to a potential district, which includes 155 Addison Road, with the following conditions:

1. the 120' monopole (instead of a monopine) and associated equipment within a roughly 50' by 50' fenced compound will be designed and installed to be as non-visible as possible,
2. if not in use for six consecutive months, the monopole and associated equipment shall be removed by the telecommunications facility owner. This removal shall occur within 90 days of the end of such six-month period. Upon removal, the property shall be restored by the facility owner to its historically appropriate appearance and materials.

The State Historic Preservation Office appreciates the opportunity to review and comment upon this project. These comments are provided in accordance with the Connecticut Environmental Policy Act and Section 106 of the National Historic Preservation Act. For further information please contact Todd Levine, Environmental Reviewer, at (860) 256-2759 or todd.levine@ct.gov.
